Greetings from our team at Anchor 1 Angus

Well folks, what a year it's been! Welcome once again, fellow beef producers, valued customers, family and friends, to our 19th Annual Angus bull production sale. It's hard to believe another year has come and gone so quickly. There is a lot of truth in the old saying, "time goes faster with each year that passes". Reflecting on the last twelve months, it is rewarding to see the results of our efforts and exciting to look to the future. It is truly amazing how much change a single year can bring. Though the work never stops, it's important to find time to be present in the little moments that make our lives rich, the ones that give our lives meaning. Time moves faster than we often realize, and we must remember to enjoy the journey.

As the challenging times in this industry we love seem to finally be fading, we see the hard work of our fellow cattle families finally paying off. Because there are fewer cattle across the country right now, we believe today's higher prices are well deserved, reflecting the massive effort and expense it takes to raise top quality animals. To everyone who stuck it out through the most difficult seasons, we truly admire your grit. It is a privilege to work alongside you as we continue to rebuild our herds and look toward a much brighter, more profitable future for the industry.

It is with great pride that we present our Class of 2026 Sale Bulls. This year's offering is a remarkably uniform and powerful group that represents the very best of our program. Our catalog features the elite top 50% of our yearling bull crop, alongside a premier selection of heavily sorted and analyzed two year old prospects. A dominant portion of this year's bulls are bred specifically for calving ease, making them ideal candidates for your first calf heifers. For those looking to add mass and growth, we have a select group of powerhouse bulls designed to elevate your cow herd while maintaining those essential calving ease traits.

At Anchor 1, our passion is rooted in the belief that a great bull is only as good as the cow family behind him. After 19 years in the business, we remain committed to functional, hard working genetics. We invite you to tour our cowherd at any time, we are incredibly proud of the direction our maternal lines are heading.

The Anchor 1 family continues to grow, and it is a joy to see our youth taking on bigger roles within the operation. While we appreciated your patience with the arrival of this year's catalog, we are excited for the day when these "extra hands" are all at full strength to help our calving and sale preparations run like a well oiled machine.

We look forward to your evaluation of this year's offering. Please join us for our open house and sale day events:

- **Open House Viewing: Thursday, April 9th:** 10:00 am – 7:00 pm Bulls will be penned in sire groups for easy comparison. Hard copy catalogs, updated weights, and scrotal sheets will be available at the pens.
- **Sale Day: Saturday, April 11th:** Sale begins at 2:00 pm Bulls will be available for viewing starting at 10:00 am and can be loaded out immediately following the conclusion of the sale.

On behalf of the entire crew at Anchor 1, thank you to our repeat customers for your unwavering support. We also look forward to meeting new faces and helping you select the right genetics for your specific needs.

In the meantime, please visit www.anchor1angus.com or dlms.ca to view our bull sale videos over the coming days. We wish you a safe and successful calving season and can't wait to catch up with you at the bull yard.

Take care and see you soon,

The Anchor 1 Angus Team

	-1.7	28	56	29	10	8	73	712	N/A

A true calving ease herd bull that we purchased to add length and style to our bull pen. Konstant bred our replacement heifers his 1st year out the gate and they calved effortlessly and raised a calf crop with outstanding uniformity. Konstant calves are born easily and excel rapidly when they arrive. We are so incredibly pleased with Konstant's contributions to our program that we chased a half brother to him at the Pugh Farms bull sale this spring and managed to get him bought as well. 8 outstanding sons sell April 11th, all from 1st calf heifers!

Headstrong is first and foremost a tried, tested & proven heifer bull producer! One of the most rewarding things in the bull production business is visiting with and hearing feedback from our valued customers. With 2 calf crops already marketed and sold from Headstrong we are so pleased with our customers' early reported positive results within their programs. Maternally headstrong does not miss either, his daughters are among some of the prettiest females that we have ever calved out. Length, style and flawless udder structure are a few perks that you can look forward to when selecting headstrong females for replacements, not to mention excellent disposition.

Hands down the most consistent and influential Black Angus calving ease sire to ever walk the pastures at Anchor 1. It is truly rewarding to look back and see what Crossfire has done for our program over the past 5 years. Sons and daughters alike, Crossfire offspring are born with ease and uniformity and perform at the top of our herd. When shopping for your new heifer bull, put the Crossfire sons at the top of your list, he worked fantastic on our own heifers his first 2 years here and many customers have told us Crossfire sons are the best bulls they have ever used on their heifers. With Crossfire being one of our oldest herd bulls at this time, we can only hope to find another bull like him to fill his shoes as top dog in our herd bull pen!

One of the greatest and most consistent Black Angus bulls to ever grace this industry! I still remember seeing Tiger 5T at the World Angus Forum in Calgary AB, everyone was blown away at the fact that he was 20 years ahead of his time. I am a firm believer that it is still Tiger 5T's time and he will make an impactful comeback once again. Further on that note we are excited to announce that we will be walking a home raised Tiger son with some cows this summer and we are beyond excited about that. If Calving ease with incredible growth and unmatched weaning weights is what you are searching for, chase our Tiger son on sale day. Tiger Females are also some of the most beautiful and structurally correct cattle in the entire world!

BULLSEYE

The bull feeding program is built to maximize forage utilization, gut health and as a result quality sperm production. Nutritional status of a bull, particularly from the previous 60-days can affect the semen quality being ejaculated today. Sperm production is a continuous process and proper nutrition is critical to maintain peak fertility and longevity of bulls. Bull calves are generally developed on grass with their mom's on a quality mineral program.

Once bull calves are weaned, they are slowly moved onto a balanced TMR. The bulls are challenged with a forage-based TMR to help them develop and express their genetic potential. This is important for consistency of maturation and puberty of bull calves. Sampling and analyzing forages are important for properly balancing the overall ration.

Forage quality and digestibility are important for maximizing ruminal health. Matching suitable protein sources with proper starch with the available forage sources is key to promoting lean muscle growth. The addition of organic minerals are used to ensure proper immune function and overall health of bulls. All of these factors contribute to semen quality and conception within a herd.

If you have any questions about the nutrition program, please feel free to reach out. Buy with confidence knowing the bulls have been developed on a balanced nutrition program. *Best of luck on sale day!*

Terms & Conditions

TERMS The terms of the sale are cash or cheque payable at par at sale location unless satisfactory credit arrangements have been made previous to the sale. The right of property shall not pass until after settlement is made.

BID Every animal consigned to the sale must be sold by auction. No private sales will be allowed except as otherwise provided for in the terms and conditions. No by-bidding will be permitted. Each animal will be sold to the highest bidder.

DISPUTES In cases of disputes, bidding will be reopened between the parties involved. If no further bid is made the buyer will be the person from whom the auctioneer accepted the last bid. The auctioneer's decision in such matters will be final.

PURCHASER'S RISK Each animal becomes the risk of the purchaser as soon as sold. Animals will be cared for at the purchaser's risk for a reasonable time.

ANNOUNCEMENTS from the auction block will take precedence over printed matter in the catalogue. Buyers are therefore cautioned to pay attention to any such announcements.

CERTIFICATE OF REGISTRY The proper Registration or Recordation paper, as the case may be, will be duly transferred and furnished to the buyer for each animal after settlement has been made.

SHIPPING Assistance will be given in making shipment after the sale but no risk is assumed by Sales Management or Seller. Expenses incurred are the responsibility of the purchaser. Purchasers are requested to furnish shipping instructions when making settlement.

GUARANTEE All animals will carry standard breeding guarantee as specified by the Canadian Angus Association. At no time shall the seller's liability exceed the purchased price of the animal.

EXCEPTION TO GUARANTEE In cases where the animal is subjected to any hormonal or surgical reproduction techniques after the sale, the guarantee shall be null and void.

ACCIDENTS Although every precaution will be taken to protect the safety and comfort of buyers, neither the Sales Management, auctioneer, or Association assumes any responsibility in this matter and disclaims any liability legal or otherwise in the event of accident or loss of property.

RIGHTS AND OBLIGATIONS The above terms and conditions of the sale shall constitute a contract between the buyer and the seller and be equally binding to both. Resale of animals following purchase in this sale shall constitute a separate transaction and the rights and obligations of the two parties connected thereto are not covered by the terms and conditions of this sale.
